Cabernet Sauvignon & Cabernet Blends

Cabernet Sauvignon, Cabernet Franc & Merlot are classic red grape varieties of Bordeaux in France. The Margaret River and Coonawarra regions have produced some of Australia's best Cabernet and Cabernet blends for many decades. Wrattontully in SA is another region which is developing a reputation for Cabernets. The combination of the vineyard site, maritime climate, excellent ripening temperatures and rigorous grape selection has allowed these producers to make world class wines. Try it with any beef or lamb dish. Excellent with cheese.

Red Wines

Pinot Noir

Pinot Noir is known as the queen of red wine grapes. It isn't the easiest grape to grow. It is a finicky grape to ripen, however when the right vineyard site is selected, it produces one of the finest silky smooth red wines with forest floor characters, a nose of summer berries with a palate of dark berry fruits and damson plums. Great with duck, lamb and pasta dishes, also delicious on its own.
